

Product Information

Raceways & Rearing Tanks

Empire Fiberglass Products, Inc. has been supplying the aquaculture industry with Raceways, Rearing and other types of tanks for several decades . We have assisted in the structural design of tanks for several hatcheries. Empire Fiberglass Products, Inc. is not just a supplier of aquaculture tanks, we are happy to work with you in designing the correct tank for your application. Let our team work with you to design and build the tank that will help you raise strong and healthy fish.

2 Rearing Tanks

New York State Mayville Hatchery, these tanks hold young Muskellunge

Custom Built Viewing Tank

This tank (1 of several) built as a display for the Vermont Visitors Center at Ed Weed Fish Culture Station, Grand Isle, Vermont

24' long Raceways

These 2 raceways are part of a the New York State Hatchery at Lake Clear, NY. The 24 tanks are built with no top lip, they have a balsa core construction to limit deflection.

3 Raceways

Overhead view of the Mayville hatchery tanks. Custom built balsa core tanks that will keep the sides from deflecting.
